

ALPHA ANNOUNCE LINE TRANSFER

TECHNICAL FEATURES

Operation voltage	24 VDC / 350mA (from ADA 8x8)
Inputs	Control data from ADA 8x8, RJ 45 cable
Outputs	8 pcs
Output power options:	- 80W / channel max. (all channels driven 8x80W RMS)
Output voltage	70 – 100V
Factory setting	100V
Priority voltage	24VDC or 0V, max 300mA, if higher priority power is needed the Transfer Unit must be equipped with external power supply unit.
Dimensions W x H x D	483 x 88 x 380 mm (2U)
Weight net	13 kg, gross 14 kg
